

Product Range VICTORINOX

Mar 29, 2006

PRESS RELEASE

VICTORINOX is the world leader of Pocket tools (Multi-Tolls and Pocket knives). For every activity, be it professional, in the home or during leisure time, there is a need for excellent tools and cutting implements. VICTORINOX is the world leader of Pocket tools (Multi-Tolls and Pocket knives). For every activity, be it professional, in the home or during leisure time, there is a need for excellent tools and cutting

implements.

The Victorinox range comprises the following:

Pocket Tools (Pocket knives, Multi-Tools)

- * Over 300 different models with up to 50 functions are available from stock. Amongst them heavy-duty models with lock-ing device for blade and screwdriver, espe-cially developed for the Police, Fire Brigades, Military and Ambulance.
- * Small compact Sets with 10-52 functions
- * SwissLite with lightdiode (LED) and 6-9 func-tions.
- * SwissCard, the Multi-Tool in credit card size.
- * SwissTool with strong multi-purpose pliers and 22 additional functions.
- * Tools / Knives for the garden, horticulture, arboriculture and other professional uses.
- * The very popular range of the small Classic-Models as practical key rings, for women and men.
- * All these Swiss products are of the highest quality, multifunctional, precious and time-less. Provided with an inscription, they count amongst the most popular corporate gifts.

Swiss Precision Watches

- * At the request of our customers and to in-crease the brand awareness of VICTOR-INOX we have included a first-class VICTORINOX watch collection in our sales program. Particularly in the English speaking countries it is augmented with the line "SWISS ARMY by VICTORINOX".
- * To assure an efficient after sales service there are professional watchmakers at your disposal both here in Ibach and in the most important markets.

Household and professional knives

- * The 400 different household and profes-sional knives from Victorinox all carry the oval trademark and guarantee sign with the Eagle and the two mountains, the landmark of Schwyz. The knives have either luxury rosewood handles, which should not be cleaned in the dishwasher, or black, white, red, blue and yellow nylon handles, which are dishwasher-safe.
- * Table and kitchen sets, practical Universal-knife blocks.
- * Chefs' cases for hotel and restaurant cooks.
- * The Victorinox butcher knives enjoy a world-wide reputation for their first class quality blades and anti-slip, sterilisable handles. Since different blade-shapes are used in all countries and the lengths vary from 10 to 36 cm, the range is extremely large.
- * Complementary cutting implements, such as tableware, special kitchen tools, scissors and manicure articles are bought from other manufacturers and included in our sales pro-gram to complete the product range.
